

# 2026 Masters Week

*at Champions Retreat*

## Our Mission

We celebrate the simple, honest rustic charm of Champions Retreat. With warm hearts and a genuine smile, we embrace the true spirit of southern hospitality. We dare to be curious and creative in our pursuit of what is possible.

Champions Retreat's rich golf heritage and reputation for world class play were recognized in 2019 when it was selected to host the first 36 holes of the inaugural Augusta National Women's Amateur.

Since then, we have been honored to continue hosting this prestigious tournament for six consecutive years—and we look forward to carrying on this proud tradition in 2026 and beyond.

## Three Champions, One Private Golf Club

Three 9-hole courses designed by Arnold Palmer, Jack Nicklaus, and Gary Player

Champions Retreat Golf Club, a 27-hole private course just minutes from Augusta, Georgia, is the result of a historic collaboration between three of golf's greatest legends: Arnold Palmer, Gary Player, and Jack Nicklaus. With a collective legacy of 13 green jackets, 34 major victories, and 159 tournament wins, this course embodies their unmatched influence on the game. These legendary figures came together to design nine signature holes of championship golf, each reflecting their unique vision.

Set across 365 acres of towering Georgia pines, majestic hardwoods, and serene wetlands along the Savannah River, the course is uniquely divided into three distinct nine-hole layouts: Island, Bluff, and Creek. Each layout is expertly designed to blend seamlessly with the natural landscape, offering golfers a truly unique and unforgettable experience.

# The Palmer (Island)

*Arnold Palmer*

*"The Island Nine is flanked on one side by the broad Savannah River and on the other side by the Little River. The spectacular hardwoods and pines along the river bank have been saved and the fairways have been raised to take advantage of the beautiful vistas out in the rivers. There is not a better setting for golf in the South."*

# The Nicklaus (Bluff)

*Jack Nicklaus*

*"This is a nice, rolling piece of property with mature pines throughout. Very little dirt has been moved, which means the course fits nicely with the existing terrain and its surroundings. This is the kind of site that provides you the opportunity to design a golf course that on opening day will appear as if it's been there for 50 years. There is a great deal of variety in the routing, with this nine featuring uphill and downhill shots, as well as a balance of right-to-left and left-to-right holes."*

# The Player (Creek)

*Gary Player*

*“The site for the Creek Nine at Champions Retreat offered so many opportunities for a wonderful golf course. The opening four holes play a beautiful wetland area while the remaining holes move upland through native hardwood tress. The ninth dramatically plays over and around a large lake on the right. All level players will finish the nine with a variety of shot-making challenges.”*
